

For immediate release

NEW MULTIPORT SERIES CAN CONNECT UP TO 10 FLUID LINES

Contains 1/16" flow capacity.
Made from Durable, Natural Acetal Thermoplastic.

Linktech have recently released the new 100AC Series couplings, featuring an intuitive slide latch that easily connects and disconnects up to ten fluid lines with or without valves on the socket side.

The new 100AC Series couplings offer 1/16" flow capacity and are produced in a durable natural Acetal (POM) thermoplastic making them resistant to most mild chemicals. These couplings can accommodate up to ten 1/16", 3mm or 1/8" flow size inserts to meet specific application needs.

FEATURES:

- Ten fluid lines
- Distinct flow paths
- Durable natural Acetal (POM) thermoplastic
- Available in over 20 different styles

BENEFITS:

- Quick and easy multiple connection
- Multiple media in one assembly
- Resistant to most mild chemicals
- Unique configurations not offered anywhere else
